Application Type & Number	Form 471 #933508
Waiver Request	Form 471 filed after window close

We are requesting a Waiver Request because of uncontrolled circumstances in our district office. We believed that Form 470 had been filed before our break in December. After returning from break district offices were moved and school was not in session several days due to inclement weather. A phone call to USAC confirmed that our Form 470 had not been filed as earlier believed. The district's Form 470 was immediately filed, making the allowable contract date for Form 471 outside the window close of March 14, 2013. If you have any questions concerning this matter, please contact us at 660-893-5213.

Please consider our humble request for a waiver of Form 471 (#933508) filed today's date of April 10, 2013.

Sincerely,

Richard Smith
Superintendent
